AUSSIE DREAM PILLOW

The foam used in our pillow has been made by Dunlop and represents Australia's highest quality, Eco-Friendly Certified Foam.

The Aussie Dream Pillow is devoid of harmful chemicals often found in lower-quality, imported pillows.

Dunlop has been Australia's premium foam manufacturer for more than 70 years. Dunlop foam carries the certification logo of the Australian Made Campaign and Sensitive Choice® Blue Butterfly, recognising products that support asthma and allergy care and are suitable for asthma and allergy sufferers – treated with Ultra Fresh®. This anti-microbial treatment prevents microbe growth, reduces odour, and improves hygiene and product longevity.

SUPPORT AND COMFORT

A pillow that is soft while remaining supportive. These features are designed to make it easier for you to fall asleep – and stay asleep.

The foam used in this pillow is specially cut, not moulded or shredded, giving you optimal support during sleep, regardless of your sleeping position and designed to keep its shape, so you don't wake due to a flat pillow.

The medium loft allows the head and neck to sink as the memory foam slowly compresses under the head. The foam contours and offers excellent pressure relief for sleepers who may be experiencing discomfort or pain in the neck area during sleep.

TEMPERATURE REGULATION

Graphite particles are infused into premium quality Memory Foam, which helps reduce and regulate the temperature during sleeping.

This feature makes this pillow popular with hot sleepers and those who suffer from night sweats due to various health and medical conditions.

Graphite-infused foam pulls away heat and helps cool the sleep surface, so you stay cooler without having to flip the pillow repeatedly.

You're always on the "cool side" of the pillow. Ventilation channels increase airflow and breathability, adding to the overall cooling effect.

AUSSIE DREAM PILLOW

3 YEAR WARRANTY

PILLOW SPECIFICATIONS

Measurements –

63cm Long x 37cm Wide x 11cm High

Materials –

Pillow: GECA-approved Graphite-infused memory foam

Cover: 35% Bamboo 65% Polyester

Dust Cover: 100% Polyester hypoallergenic cover to extend the memory foam core's life. Pillow and cover are made in Australia.

Care Instructions –

The cover is easily removable and easy to put back on. Hand or gentle machine-wash. The pillow cover is washable, but the foam pillow itself is not. To wash your pillow cover, unzip and remove, then put in a washer with cold water and light colours. Be sure not to bleach it and hang it out to dry. Avoid direct sunlight. Lightly sponge clean foam.
